Technology Requirements:

If you do not have access to a computer with the necessary features to participate in class, please look into the [free equipment loaning program](https://www.sjsu.edu/it/services/academic-tech/equipment_loaning/index.php) (https://www.sjsu.edu/it/services/academic-tech/equipment_loaning/index.php) offered by SJSU.

If campus is open, there are computer labs for student use available in the [Academic Success Center](http://www.sjsu.edu/at/asc) (<http://www.sjsu.edu/at/asc>) located on the 1st floor of Clark Hall and in the Associated Students Lab on the 2nd floor of the Student Union. Computers are also available in the Martin Luther King Library. A wide variety of audio-visual equipment is available for student checkout from Media Services located in IRC 112. These items include DV and HD digital camcorders; digital still cameras; video, slide and overhead projectors; DVD, CD, and audiotape players; sound systems, wireless microphones, projection screens and monitors.

Classroom Protocols

1. Strive to arrive on time and remain for the entire class session.
2. Engage actively in discussions and activities—every voice matters, and we all have something to contribute and learn.
3. Treat classmates with respect and remain open to perspectives that differ from your own.
4. Use of laptops or other devices for note-taking, accessing course materials, and participating in activities is highly encouraged.

Canvas Learning Management System

All course materials (announcements, syllabus, handouts, assignment instructions, lecture videos, etc.) will be available on Canvas. You are responsible for regularly checking both Canvas and your SJSU email (the one that ends with "sjsu.edu") to learn of any updates. For help with using Canvas see [Canvas Student Resources page](http://www.sjsu.edu/ecampus/teaching-tools/canvas/student_resources) (http://www.sjsu.edu/ecampus/teaching-tools/canvas/student_resources).

Permitted Uses of AI

In this course, the responsible use of Artificial Intelligence (AI) tools (e.g., ChatGPT, Claude, Bard, etc.) is permitted to support your learning. AI can be a valuable tool for generating ideas, clarifying concepts, and summarizing information. However, it is not a substitute for your own knowledge, analysis, or application of course concepts. As future educators, your work must reflect your professional judgment, your understanding of course content, and your responsiveness to the individualized needs of students.

You may use AI to:

1. Summarize readings, lectures, or other course materials as a study support.
2. Brainstorm ideas or generate initial outlines to get started on assignments.
3. Explore multiple perspectives on a topic to deepen your understanding.
4. Check clarity of written communication (grammar, flow, readability).

Prohibited Uses of AI

You may not use AI to:

5. Generate final submissions for written assignments, lesson plans, IEP goals, or case studies.
6. Write analytical reflections or apply course content on your behalf.
7. Replace your professional judgment in designing instruction or assessing student needs.
8. Fabricate citations, references, or data.

Program Information

LCOE Department of Special Education Mission

We prepare candidates to be transformative leaders in the field, and lifelong learners who respond to racism, ableism, bigotry, and prejudice in their schools and communities. To this end, we center anti-racist and anti-ableist policies and practices in our teaching, research, and service to disrupt systemic racism that has historically prevented full inclusion and equity for students with disabilities including our BIPOC (Black, Indigenous, People of Color) students, staff, and faculty. We engage culturally sustaining pedagogies and the principles of UDL in our coursework and fieldwork, partnering with our local districts to push for the success of students with disabilities in inclusive settings.

LCOE Department of Special Education Program Learning Outcomes

PLO 1 Assess and identify the educational needs and strengths of students with disabilities from diverse socioeconomic, cultural and linguistic backgrounds.

PLO 2 Critically evaluate pedagogy, curricula and instructional materials grounded in quality indicators of evidence-based practices for students with disabilities.

PLO 3 Plan, design, implement, and monitor linguistically and culturally appropriate instruction that meets the unique needs of students with disabilities.

PLO 4 Apply knowledge of the purpose, characteristics, and appropriate use of different types of assessments used for special education eligibility, placement, and service selection.

PLO 5 Utilize research-based knowledge and theoretical, conceptual and evidence-based practices related to individuals with disabilities to improve services and instruction in the field.

Late Policy

It is part of the ethos of the Department of Special Education to prepare students for the role of special education teacher. This role requires careful attention be paid to due dates (e.g., a late IEP meeting can - and has - lead to legal action). It is, therefore, important that you practice the skills necessary to manage your time as part of your coursework.

At the same time, it is important to practice grace. Please contact me BEFORE the due date to request an extension through email or Canvas.

California Commission on Teacher Credentialing Grading Policy

The California Commission on Teacher Credentialing (CCTC) requires that students complete their credential coursework with a GPA of 3.0 or higher. Students planning on pursuing a teaching credential in ECSE should, therefore, strive to earn a grade of B or higher in all credential coursework.

Departmental Incomplete Policy

It is the policy of the Department of Special Education that students must have completed 80% of the course work assigned in order to qualify for an incomplete in the class. The final arrangements for making up the incomplete grade (i.e., the due date) will be negotiated between the student and faculty member.

University Policies

Per [University Policy S16-9 \(PDF\)](http://www.sjsu.edu/senate/docs/S16-9.pdf) (<http://www.sjsu.edu/senate/docs/S16-9.pdf>), relevant university policy concerning all courses, such as student responsibilities, academic integrity, accommodations, dropping and adding, consent for recording of class, etc. and available student services (e.g. learning assistance, counseling, and other resources) are listed on the [Syllabus Information](https://www.sjsu.edu/curriculum/courses/syllabus-info.php) (<https://www.sjsu.edu/curriculum/courses/syllabus-info.php>) web page.
